Other than being connected as siblings, what Angel (2006, center), Christopher (2008, left) and Valerie (2010, right) have in common is their passion for soccer. You couldn't find more avid fans of the sport than this trio. They got an exclusive treat at the invitation of the LA Galaxy MLS Soccer Team; watching a closed practice, and meet and greet with star players.

Angel is a handsome and active boy. He's usually on the quiet side that gives him the appearance of being shy in social environments but in actuality he's being polite. Angel adjusts his interactions to the occasion. While he prefers to lay-low and read a book, he really shines when he's on the soccer field. Angel plays in a soccer league year round and is passionate about being the best he can be during games. Angel is very caring which shows in the attention he gives to his siblings and pet fish. Angel does well in school and always strives to do better.

Christopher is the high-spirited middle child of the three who takes a lead role in everything that they do as a sibling group. He's very adventurous and is usually the one initiating to try new things and meet new people. Like his older brother, Christopher is very active and also enjoys playing soccer. Christopher is engaging and all smiles whenever he is in social settings. Christopher has a big heart and he cares very much about his siblings.

Valerie is a smartly assertive girl. Despite being the youngest, she can stand up for herself and has no trouble holding her own amidst some sibling rivalry. Valerie has a vivacious personality and is pretty much a social butterfly with great capacity to make friends everywhere she goes. She easily holds long and engaging conversation with anyone on just about any topic. When asked by LA Galaxy Star, Zlatan Ibrahimović #9 if she played fútbol, Valerie decisively said she plays SOCCER! Like her brothers, Valerie is active in this sport and is an active participant wherever she does.
